

EXPLOSION-PROOF ENCLOSURE HEATER

CREX 020 | 50 W to 200 W (T4)

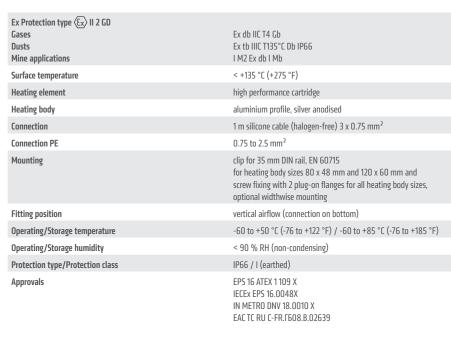

- > For areas with explosion and firedamp hazard
- > Large convection surface
- > Clip and screw flange fixing
- > Ready-to-use with strain relief
- > Maintenance free
- > Temperature class T4

Compact convection heater of temperature class T4 (Surface temperature 135 °C max.) for the prevention of formation of condensation, temperature fluctuations, and for protection against frost within control and switch cabinets, as well as measuring equipment located in areas with explosion hazard, underground mines or mines susceptible to firedamp.
